Hospitalized Birds:

Inquiries concerning hospitalized birds should be made **after 10:00 am and before 4:00 pm**. If there is any significant change in your bird's condition, the doctor will call you to discuss an alternate treatment plan.

All hospitalized birds will be released by an agreed appointment time during normal doctor's appointment hours.

Itemized invoice(s) for services performed will be given to you. **All fees will be paid upon the release of your pet.** We accept: Cash, Debit Cards, Mastercard, Visa, and Checks with appropriate identification.

Emergencies:

If the doctor is in the office and there are no available appointments, your bird can still be seen on an emergency basis but is totally determined by the current caseload at that time so is not a guarantee. An emergency fee will be charged in addition to the standard physical examination fee. Please explain to the receptionist that you consider the situation as an emergency, agree to the additional fees, and what time you expect to arrive. Please see our website regarding post COVID no-show appointments.
